Subject: Advance Notice of Initiation of Training and Field Work for West Lake GCPT Investigation

Good afternoon,

This serves as the requested advance notice of the initiation of field work for the GCPT Investigation at the West Lake Landfill site. On site safety training will begin next Wednesday October 9, 2013. This will be followed by the initiation of site preparation work on Thursday October 10, 2013.

Bridgeton Landfill's designated representative for this project is Brian Power (bpower@republicservices.com; 618-410-0157). Field activities will be managed by Feezor Engineering. To arrange for access to the site or to participate in the training, please contact Dan Feezor (dfeezor@feezorengineering.com; 217-836-8842). If you plan on being on site and especially if you plan on participating in the training, please advise as soon as possible so that we can make arrangements for the training.

Please let us know if you have any questions or need additional information.

Thank you,
Jessie

Jessica E. Merrigan
